

**OPENING  
SPRING 2020**

# HELLO TEXAS!

## Midwest Tube Mills is expanding to the Lone Star State

"At Midwest Tube Mills, we're happy to announce the building of a new production facility in Wills Point, Texas. We've been able to build our business on customer service and exceptional delivery times and this will serve to enhance those offerings.

This new manufacturing plant located 50 miles east of Dallas will produce our full line of products including residential, commercial, industrial and high security fence framework.

We are looking forward to being part of the Texas community and growing our business in that region. See y'all soon!"

Rick Russell  
President & CEO,  
Midwest Tube Mills, Inc.
